

RISHAV SARMA

Full Stack Developer

Guwahati, Assam | +91 70025 36909 | rishav.sharma411@gmail.com | rishavsarma.dev

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience specializing in React Native and Node.js, building high-performance cross-platform mobile applications and scalable backend services. Skilled in designing RESTful APIs, integrating third-party services, and optimizing app performance across iOS and Android. Brings a strong foundation across NextJS, SQL/PL-SQL, and cloud deployment, enabling end-to-end ownership from API design through mobile delivery.

Core Competencies: React Native Development, Node.js & RESTful APIs, Cross-Platform Mobile Development, State Management, Database Integration, Performance Optimization, Agile/Scrum

TECHNICAL SKILLS

- **Mobile & Frontend:** React Native, Expo, React, NextJS, Tailwind CSS
- **Backend:** Node.js, RESTful APIs, Drizzle ORM
- **Languages:** JavaScript/TypeScript, SQL, PL/SQL
- **Databases:** Oracle, PostgreSQL, MySQL, NoSQL, Redis
- **Cloud & Tools:** Oracle Cloud, Vercel, Netlify, Coolify, Git, GitHub, JIRA, CI/CD

WORK EXPERIENCE

Founding Engineer | INUK

2026 - Present

- Building a social media and community platform using React Native and Expo, featuring content feeds, contests, and regional information modules.
- Design and implement core features — including social feeds, contest participation flows, and location-based content discovery — delivering consistent, native-quality UX across iOS and Android.
- Partner with backend engineers to integrate RESTful APIs, ensuring reliable data flow across social, contest, and content modules.

Senior Full Stack Developer | GNRC Corporate

2025 - 2026

- Administered and tuned Oracle databases using PL/SQL, strengthening query performance, data integrity, and security across critical hospital systems.
- Architected and delivered a Blood Bank Management application, streamlining donor management, blood inventory tracking, and reporting workflows.
- Built a customer-facing patient portal enabling appointment slot booking, medical report downloads, and online medicine ordering, improving patient access to hospital services.
- Digitized the hospital's diet and kitchen management process, replacing manual patient food tracking with an online system to improve accuracy and coordination between kitchen and nursing staff.

Full Stack Developer | Armpilot Technologies

2023 - 2025

- Built full-stack web applications using NextJS, Node.js, and MySQL, designing RESTful APIs and owning features end-to-end from design through deployment.
- Developed cross-platform mobile applications with React Native and Expo, ensuring a consistent, seamless user experience across devices.
- Built a Salon CRM platform covering billing, bookings, appointments, staff salary, and attendance management, streamlining end-to-end salon operations.

EDUCATION

Bachelor of Technology in Computer Science

2018 - 2022

GIMT, Guwahati, Assam
